**THE ADULT ROLE AT NCYC**

The **ADULT CHAPERONE ROLE** at NCYC is very important. As adults, we are at the conference to share with our youth the experience of celebrating the gift of our faith. We are their guides, their supporters, their encouragers, as well as their chaperones. We have a responsibility to the youth, as well as to ourselves, to ensure that the NCYC experience is one of learning, growth and celebration.

**THE YOUTH MINISTER IN TRAINING ROLE AT NCYC**

This is an opportunity for the Coordinator of Youth Ministry to work with the YMIT and train them on all phases of NCYC from the adult chaperone perspective. The **YOUTH MINISTER IN TRAINING ROLE** is as youth participant’s guides, supporters, encouragers, as well as their chaperones. We have a responsibility to them, as well as to ourselves, to ensure that the NCYC experience is one of learning, growth and celebration. As a YMIT, I know I assume the role of an adult and NOT a participant. *Please join in with your youth and participate in all the NFCYM NCYC Conference.*

**Group Leaders please keep a copy of this and all forms.**
